1a)What is a computer system?                                    (02mrks)

……………………………………………………………………………………

……………………………………………………………………………………

……………………………………………………………………………………

b)State 3 components of a computer system                        (03 mrks)

…………………………………………………………………………………..

…………………………………………………………………………………..

…………………………………………………………………………………..

2a)What is word processing?                                      (02mrks)

……………………………………………………………………………………

………………………………………………………………………………….

…………………………………………………………………………………

b)State 3 examples of word processing application programmes (03mrks)

………………………………………………………………………………………

………………………………………………………………………………………

………………………………………………………………………………………

3a)Define computer hardware                                      (01mrks)

…………………………………………………………………………………..

…………………………………………………………………………………

b)State 4 categories of computer hardware                        (4mrks)

……………………………………………………………………………………

……………………………………………………………………………………

……………………………………………………………………………………

……………………………………………………………………………………

4a)Define ICT                                                    (01mrks)

…………………………………………………………………………………..

…………………………………………………………………………………..

b)State 4 ICT tools and their uses                               (04mrks)

……………………………………………………………………………………

…………………………………………………………………………………..

……………………………………………………………………………………

…………………………………………………………………………………..

5.State the function of the following ICT tools in the computer laboratory(05mrks)

i)Air conditioner

………………………………………………………………………………………..

………………………………………………………………………………………..

ii)Woolen carpet:

………………………………………………………………………………………..

…………………………………………………………………………………………

iii)C.C.T.V camera

………………………………………………………………………………………..

…………………………………………………………………………………………

iv)Surge protector

………………………………………………………………………………………..

………………………………………………………………………………………..

v)Lightening Arrestors

………………………………………………………………………………………...

…………………………………………………………………………………………

6a)Define electronic spreadsheets                    (2mrks)

………………………………………………………………………………………..

………………………………………………………………………………………..

b)State 3 examples of electronic spreadsheets         (03mrks)

…………………………………………………………………………………………

…………………………………………………………………………………………

…………………………………………………………………………………………

7,State 5 qualities of a good computer laboratory        (05mrks)

…………………………………………………………………………………………

…………………………………………………………………………………………

…………………………………………………………………………………………

…………………………………………………………………………………………

…………………………………………………………………………………………

8.Describe the information processing cycle              (05mrks)

…………………………………………………………………………………………

…………………………………………………………………………………………

…………………………………………………………………………………………

…………………………………………………………………………………………

…………………………………………………………………………………………

…………………………………………………………………………………………

9.Explain the following characteristics of a computer       (05mrks)
i)Versatility

…………………………………………………………………………………………

…………………………………………………………………………………………

ii)Diligence

…………………………………………………………………………………………………………
…………………………………………………………………………………………………………

iii)Storage

…………………………………………………………………………………………………………..
…………………………………………………………………………………………………………

iv)Speed

……………………………………………………………………………………………………
……………………………………………………………………………………………………

v)Artificial intelligence

…………………………………………………………………………………………………………..
…………………………………………………………………………………………………………

10.State 5 ways of taking care of computers in the computer laboratory   (05mrks)

………………………………………………………………………………………………………
………………………………………………………………………………………………………
………………………………………………………………………………………………………
………………………………………………………………………………………………………
………………………………………………………………………………………………………
………………………………………………………………………………………………………

11.state the impact of ICT on the following sectors/areas                      (05mrks)

i)Education:…………………………………………………………………………..
…………………………………………………………………………………………
ii)Health:……………………………………………………………………………….
……………………………………………………………………………………………..
iii)Transport:………………………………………………………………………………
…………………………………………………………………………………………..
iv)Science and technology

…………………………………………………………………………………………..
…………………………………………………………………………………………
v)Communication:……………………………………………………………………
…………………………………………………………………………………………

12a)Define green computing                                                        (02mrks)

…………………………………………………………………………………………
…………………………………………………………………………………………...
b)State and explain 3 Green computing strategies                    (03 mrks)

…………………………………………………………………………………………..
…………………………………………………………………………………………
…………………………………………………………………………………………
…………………………………………………………………………………………

14.State 5 qualities of a good computer laboratory                       (05mrks)

………………………………………………………………………………………………
………………………………………………………………………………………………
………………………………………………………………………………………………
………………………………………………………………………………………………
………………………………………………………………………………………………

15.state 5 rules and regulations to be followed while using the computer
   Laboratory                                        (05mrks)
………………………………………………………………………………………..
………………………………………………………………………………………………
………………………………………………………………………………………………
………………………………………………………………………………………………
………………………………………………………………………………………………
………………………………………………………………………………………………

16.Describe how to create a table using a word processor application (05mrks)
………………………………………………………………………………………………
………………………………………………………………………………………………
………………………………………………………………………………………………
………………………………………………………………………………………………
………………………………………………………………………………………………
………………………………………………………………………………………………

17.state 5 reasons why a mobile phone is considered to be a computer(05mrks)
………………………………………………………………………………………………..
………………………………………………………………………………………………..
………………………………………………………………………………………………
………………………………………………………………………………………………..
………………………………………………………………………………………………

18a)State 3 health effects as a result of continous use of computers  (03mrks)
………………………………………………………………………………………….
………………………………………………………………………………………….
…………………………………………………………………………………………
…………………………………………………………………………………………..

 b)State 2 precautionary measures to avoid health benefits          (02mrks)
………………………………………………………………………………………………..
………………………………………………………………………………………….

19.State 3 advantages 2 disadvantages of LCD monitors over CRT monitors
                                        (05mrks)
………………………………………………………………………………………….
………………………………………………………………………………………….
………………………………………………………………………………………….
…………………………………………………………………………………………..

…………………………………………………………………………………….

…………………………………………………………………………………….

20.State 5 examples of personal/Micro computers you know        (05mrks)

……………………………………………………………………………………..

……………………………………………………………………………………..

……………………………………………………………………………………

……………………………………………………………………………………..

……………………………………………………………………………………

……………………………………………………………………………………
