GEOGRAPHY
PAPER 3
JULY/AUG 2024
3 HOURS

AITEL JOINT MOCK EXAMINATIONS 2024.

UGANDA Advanced CERTIFICATE OF EDUCATION

GEOGRAPHY

TIME: 3 HOURS

Instructions.

- Answer **four** questions in all.
- Choose **one** question from section **A** and **three** questions from section **B**.
- Credit will be given for use of relevant sketch maps, diagrams and specific studied in the field
- Any Additional question attempt shall not be marked

SECTION A (FIELD WORK)

- 1. For any fieldwork you have carried out as a group or as an individual;
 - a) i) State the topic of study.

(2marks)

ii) Outline the objectives of the study.

(4marks)

- b) Draw a landscape sketch of the area studied and on it show the layout of the area studied. (8marks)
- c) Explain the factors that have influenced the layout of the area studied. (6marks)
- d) What recommendations did you give for the development of the area studied?
 (5marks)
- 2. For any fieldwork you have conducted on a business area;
 - a) i) State the topic of study.

(2marks)

ii) Outline the objectives of the study.

(4marks)

b) Draw a sketch map of the area studied and on it show the geographical features.

(8marks)

- c) Explain how the landing site has influenced the geography of the area studied. (6marks)
- d) How did you conclude the study?

(5marks)

SECTION B

- 3. a) Account for mode of formation of either mountain Elgon or Rwenzori (10 marks)
 - b) Assess the value of mountains to the people in the surrounding areas in Uganda (15 marks)
- 4. a) Explain the factors influencing population density in Uganda.

(15marks)

b) Assess the impact of variation in population densities in Uganda.

(10marks)

5. a) Account for the current location of industries in Uganda. (15marks)

- b) Assess the impact of the current location of industries on the environment in Uganda. (10marks)
- 6. Explain the contribution of rapid urbanization in Uganda. (25marks)
- 7. Assess the contribution of wildlife to the development of the tourist industry in Uganda. (25marks)
- 8. Study the table below showing total fish catch from Uganda's water bodies and answer the questions that follow.

Uganda fish catch (2004 -9)

08444 (400 - 7)	
Year	Fish catch (tonnes)
2004	434,800
2005	411,800
2006	362,200
2007	369,300
2008	364,800
2009	366,600

Adapted; 2006-2007 statistical abstract Uganda Bureau of Standards (UBOS) 2006 P.146. UBOS 2010 P157

- a) Draw a divergence line graph to represent the information in the table above. (10marks)
- b) Describe the trend in fish catch between 2004 and 2009. (3marks)
- c) Calculate the percentage change in Uganda's fish catch between;
 - i) 2004 and 2005
 - ii) 2008 and 2009 (4marks)
- d) Account for the differences in the volume of fish caught from Uganda's various water bodies. (8marks)
